Approved High End Price Single Wall Bat List

**Single Wall Bat Definition:** A single wall bat is a bat that has a hitting surface composed of one continuous, single shell or layer composed entirely of the same material without the use of any type of glue or bonding system. Any bat that is more complex than this definition, is **NOT** single wall bat.

\*\*Please note: Some of the newer DeMarini bat models will NOT be allowed to be used in the league this season. All older year models can still be used in league play. Make sure any NEW bat meets the leagues criteria. Contact with questions.

This page ONLY lists currently available higher priced Single Wall Bats. Most less expensive Single Wall Bats will also be approved during bat registration. This list can be updated by the league at any time it deems necessary. Some of these models listed also come in double and triple wall - they are still illegal.

PLEASE REALIZE that many double-wall, fast pitch, baseball or senior bats may have model names very similar to or the same as what is listed above. Be sure you are buying a single wall SLOW PITCH bat from the list above if you expect to be able to use it in Westampton Coed Softball League.
